SX2500 PicoWave

The Perfect Entry Level Professional Microcurrent Facial System

NeurotriS Dynamic Intelligent Systems features a Bio-Feedback monitoring loop that automatically sequences different signals throughout the duration of the preset programme. This will optimise results based on an individual's skin type at the time of the treatment.

SX2500 PicoWave Features

- 4 manual mode programmes for a more focused and customised treatment
- 2 Auto mode programmes that automatically sequence multiple signals during a preset timed session for advanced facial, toning and tightening
- Bio-feedback monitoring loop optimising results based on an individual's skin type
- Micro, Nano, Pico Technologies
- Multi-Signaling:
Optimising signal selection for every skin type
- User Adjustable Amplitude Controls For Maximising Individual Results
