SVX650

16-Channel Body Sculpting System

This new addition to our products is one you won't want to miss out on, results are seen quickly and clients leaving feeling better than ever.

The NeurotriS SVX650

A 16-channel **Dynamic Intelligent** standalone body sculpting system that includes manual and automatic sequencing mode programmes. This is our top body sculptor allowing you to do two body zones at the same time. The SVX650 will yield inch loss for Level 1 sculpting and muscle building for Level 2 sculpting.

Incorporates 2 Functional Signal Technologies

Level 1 lipolysis, for shrinking fat cells

Lever 2 toning, for inch loss & musclebuilding

Features Dynamic Intelligent Microcurrent

Skin Impedance Analysis: Reads the skin impedance and makes internal level adjustments based on the skin type and density at the time of the treatment for optimal performance.

- x2 Independent groups of 8 channels for 16 channels total
- x2 auto sequencing programmes (inch loss & muscle building)
- x5 manual toning programmes
- Adjustable session timer

A clinic owners review

MARIA, INNOVATIVE AESTHETICS : Why NeurotriS has The Best Body Sculptors!

Excerpt from Maria's video:

My personal favourite is NeurotriS Microcurrent. Microcurrent breaks down the fat, it also tightens the skin and tones the muscle. By toning that muscle, you're able to actually break down more fat and so you see faster results.

There is no downtime, there's no pain, and you see results within three weeks and optimum results within six weeks. Clients have lost anywhere from two to four sizes in six weeks and, best of all, it's a fraction of the cost of the other two modalities that we spoke about.

Business Equipment Finance

Kennet Equipment Leasing is one of the UK's leading providers of business equipment finance and asset leasing, enabling customers to invest in the very latest business equipment without drawing on critical working capital.
